From the Pastor

Recent annual maintenance on the church’s boiler revealed that our two 90 year-old 275 gal. oil tanks have developed slow leaks and need to be replaced. Installing two new ones will cost just over \$9,000. We have signed a contract and the work will take place in the next couple of weeks. This is a significant hit to the checkbook at a time when we also anticipate the coming winter’s fuel costs to be high. We kindly ask all parishioners to continue being as generous as possible to the weekly offering, helping our parish meet these and other operating expenses. Thank you!
